SUMMARY

Software Engineer with a strong background in full stack development, mobile applications, and AI integration. Proven track record in developing clean, maintainable code using **Python, Dart, and JavaScript**. Experienced in the full software development life cycle (SDLC), from UI/UX design in **Flutter** to implementing deep learning models. A proactive problem-solver and quick learner eager to contribute to innovative digital solutions within an Agile team.

EDUCATION

Mekelle University – Mekelle, Ethiopia

October 2018 – June 2025

BS, Computer Science & Engineering

WORKEXPERIENCE

Final Year Project

February 2025 - June 2025

Tigrigna Speech-to-Text (STT) System – Mekelle, Tigray

- ✓ Architected an end to end AI system using **Python** and OpenAI's Whisper model.
- ✓ Performed extensive data cleaning and noise reduction to improve model transcription accuracy.
- ✓ Documented system functionalities and technical processes for future scalability.

Flutter Developer Intern

October 2025 - January 2025

Sheqlee App – Freelance Platform

- Developed a cross-platform mobile application using **Flutter and Dart**, ensuring clean and efficient code.
- Integrated **Firestore** for realtime messaging and authentication, managing complex data syncs.
- Collaborated on UI/UX designs to improve user retention and system navigation.
- Utilized **Git** for version control and participated in code reviews to ensure software quality.

Lab Attendant

Jan2019-June2025

Computer Science & Engineering Lab – Mekelle University

- Assisted students during practical sessions.
- Maintained lab hardware/software and supported project setup for student developers.

VOLUNTEERACTIVITIES

Co-Founder, Araya Charity Club

Oct 2020 - Jun 2025

- Participated in social service campaigns and student focused charity events.

Member, Graduation Committee

May2024-Jun2025

- Coordinated final year events,maintained alumni communications,and contributed to logistics planning.

SKILLS

☒ Programming Languages (Python,Dart,Java,Javascript ,...)	☒ Problem Solving ☒ Frameworks & tools (Flutter,..)	☒ Data & System Administration ☒ Communication & Team Work
--	---	---

☒ Multilingual Technical Translation ☒ Database & Cloud Management ☒ System & Network Security
☒ High Responsiviness & Ownership ☒ Rapid Adapdability ☒ Punctuality & Reliability

INTERESTS

☒ Speech Technology for Low Resource Languages ☒ Mobile App Development ☒ Humanitarian Support frameworks
☒ Automation & Process Efficiency ☒ Cybersecurity & Digital Forensics ☒ Linguistic Digitalization

LANGUAGES

☒ Amharic - Native	☒ English - Expert	☒ Tigrigna - Native
